GO to sleep my little darling,
Close your weary eyes of blue;
While you're softly slumb'ring, baby,
I am watching over you.
When in dreamland you are whisp'ring
With the angels, think of me;
I am waiting till you waken,
Your sweet smile again to see.

Rockaby, lullaby,
Mother's own angel,
Rockaby, lullaby,
O'er your cradle my watch I'll keep;
Rockaby, lullaby, father's only joy,
Darling, close your little eyes,
And sleep, sweet, sleep,
Sleep, darling, sleep.

Wake from slumber, little darling,
Come back from the land of bliss,
Let your arms again embrace me,
Greet me with a loving kiss.
Baby, darling, I am joyful
When you're resting on my knee;
For you make this earth a heaven,
What would home without you be?
